## **CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

## THE BORCKY COLLECTION.

Mr. John K. Borcky died several years ago. His collection was turned over to the late Mr. Henry Chapman by the Executor. Mr. Chapman became ill and could not finish the collection, which he had started, and after his death the collection was ordered sent to us, to complete the cataloguing and to hold the sale. Mr. Elder wrote most of these descriptions. The Sale presents a wide variety of Coins, Medals, Tokens, Etc. There is quite an offering of Canadian Coins and Tokens, with some scarce and rare pieces, a fairly representative collection of Hard Times Tokens, with a few rare numbers, and various medals and tokens, and a small lot of several hundred Civil War Tokens.

His collection of U. S. Silver includes some fine and rare Dollars, Half Dollars, Quarters, Dimes, Half Dimes, Three Cents Silver and a set of twenty cent pieces, as well as quite a nice little lot of U. S. Pattern coins of the smaller denominations including one, two, three and five cent patterns. There is a fine and large collection of Small U. S. Cents with all dates to 1931, and some duplicates of the scarcer dates of the same, also mint marked Cents.

It is, however, Mr. Borcky's Large Cent collection which is likely the best feature of the sale. He has every date and many duplicates or varieties of the same dates. They are numbered to Crosby, Hays, Chapman, Gilbert, Andrews and Doughty, the well known authorities. He has some twenty-five of 1793, five or six of 1799 and four of 1804. His 1794 cent collection is one of the largest, numbering around 200 pieces, with many also of such dates as 1796, 1798, 1801, 1802, 1803, and so on, with many fine coins in the '20s, '30s, '40s and '50s. Half Cents are included in fair number.

There are some very nice gold coins of the denominations of \$5, \$3, \$2½ and \$1.00, with many fine uncirculated and proof coins in one dollar gold coins. The latter set is about complete with exception of the Philadelphia mint, I believe only 1875 is lacking.

The sale will go through three sessions of the Borcky material, which will be sold on Wednesday, Thursday and Friday, each session commencing at one o'clock in the afternoon. Lots on exhibit in the mornings only.

Terms strictly cash. Room buyers must examine lots before leaving the desk as we will not correct errors afterwards. A deposit must be made by strangers in the room on request. The usual terms apply also to our mail bidders. Kindly send a generous number of bids to this very important sale, which is our last until towards the end of September.

Come prepared to participate at this sale, which is bound to attract many bidders and a good attendance, the sale being absolute in every respect and full of interest. Catalogue by Thomas L. Elder.

## J. K. BORCKY SALE.

### "THE LAST SHALL BE FIRST".

The Borcky Sale we preface with a little sermon, entitled "The Last Shall Be First."

Verily, we live to-day in a world upside down, with precedents shattered in nearly all lines of endeavor. In other days, which we may not see again, people applauded the thrift of Benjamin Franklin, a thrift which still some of us believe in. To-day "Spend" is the axiom, "to bring us prosperity." We want to see you spend money for these fine coins.

Likewise the Bible statement comes to mind, "The last shall be first," Maximus and Minimus in reversed places. The Bible motto we appreciate for the order of this coin sale, remembering also it is against nature's laws to eat our dessert first, even though there are divergent opinions as to what constitutes dessert, when coins and medals are concerned. Yet it is trying for people to leave the performance after the first act in a drama. So we are going again to follow our scheme, which we carried out successfully at the great Mougey and Woodin Sales, which we held in 1910 and 1911. We will start with the more modest little coins and tokens and gradually work up to a fitting climax, to the big cents, the colonials, proof sets, patterns and finally to the gold coins, feeling in this way we will not allow interest to flag as the sale progresses. The best "taste of sweets is sweetest last." So sayeth the poet. Give us a generous response to this fine offering and see the sale through.
